Hello!

I am Fayziddin Nazhmov, a 19-year-old football player. I have previously played for the youth soccer team Spartak Moscow and represented the youth national team of Russia in the U16-U17 category.

I am a free agent and have decided not to extend my contract in Russia. I am keen on joining your club because I believe that football in the region is experiencing significant development. Moreover, I am adapted to the weather conditions in the region, which is an added advantage for me.

I kindly request you to consider my proposition and, if my profile meets your expectations, allow me to undergo a trial at your esteemed club.

Thank you for your time and consideration.

Sincerely,

Fayziddin Nazhmov
